

ABDUL HANAN

Junior Data Analyst | Data Science Learner

📞 03114947142 @ honey313r@gmail.com 🔗 LINKEDIN : "AbdulHanan2215" 📍 Hill Town Street 12 Manzoor Colony, Karachi

SUMMARY

Motivated and detail-oriented BS Computer Science student with a strong foundation in data science, analytics, and machine learning. Skilled in Python, SQL, and data visualization (pandas, matplotlib) with hands-on experience in academic and personal projects. Passionate about uncovering insights from data to support decision-making. Eager to apply analytical skills in a professional environment, contribute to impactful projects, and continue developing expertise in data-driven problem solving.

KEY ACHIEVEMENTS

 Enhanced Student Scores Improved student test scores by 20% with new curriculum.	 High Parent Satisfaction Managed 20+ students achieving 95% parent satisfaction rate.
 Data Accuracy Achieved Maintained 100% data accuracy in student records entry.	 Report Generation Assistance Assisted in report generation analyzing data trends monthly.

EXPERIENCE

8th Grade Mathematics Teacher and Computer Operator

The Education Inn Public School

📅 01/2020 - 12/2022 📍 Mirpur Khas, Pakistan

A private school located in Digri, District Mirpurkhas, Sindh, serves approximately 200 students, ranging from Prep I to Grade VIII

- Increased student performance by 20% through implementing a new curriculum in mathematics, leading to higher average test scores
- Managed a classroom of 20+ students, achieving a 95% satisfaction rate among parents for communication and progress updates

Data Entry Assistant

The Education Inn Public School, Digri

📅 03/2020 - 12/2022 📍 Mirpurkhas, Pakistan

A private school located in Digri, District Mirpurkhas, Sindh, serves approximately 200 students, ranging from Prep I to Grade VIII

- Entered and managed student records, attendance, and academic data
- Verified and corrected data discrepancies to ensure accuracy
- Maintained confidentiality while handling sensitive school records
- Assisted in generating reports and analyzing data trends

EDUCATION

Bachelors of Science in Computer Science

MiTE

📅 2023 - 12/2026

STRENGTHS

 Technical Skills School Database Handling, Problem Solving, Team Management	 Programming Skills Programming skills in Python, C#, Django, Asp.net, and basic HTML and CSS
 Database Skills Experience with SQL Server and Microsoft Excel	

SKILLS

Analyzing Data	ASP.NET	C#	CSS	Django	HTML	Microsoft Excel	Python	SQL
Data Cleaning & Preparation	Exploratory Data Analysis (EDA)				Data Visualization (Matplotlib, Seaborn)			
Machine Learning (Scikit-learn basics)			Data Wrangling with Pandas & NumPy				Your Skill	

PROJECTS

Comprehensive Blogging Platform - Django

📅 01/2024 - 12/2024 📍 Karachi, Pakistan

This project features a user-friendly blogging platform designed to empower users in content creation and management

- I have learned various new things with this project

Netflix Data Analysis – Python, Pandas, NumPy, Matplotlib

📅 07/2025 - 08/2025 📍 Location

- Performed data cleaning and exploratory analysis to study content trends, ratings, and categories.
- Created visualizations to highlight insights, such as the growth of TV-MA content and distribution of movies vs TV shows
- Revealed Netflix's strategic shift toward TV-MA content, identified global distribution trends, and delivered visual insights into audience rating patterns
